

Project Completion & Feature Acceptance Document

CLIENT	VERSION	DELIVERY DATE	TARGET AUDIENCE
Gujarat Post Team	v1.0 (Final)	August 8, 2026	Management & Client

1. EXECUTIVE OVERVIEW

This document formalizes the full delivery and feature acceptance of the **Gujarat Post (ગુજરાત પોસ્ટ)** Digital News Portal and Enterprise Content Management System (CMS). The platform has been custom engineered as a multi-lingual, high-performance portal serving breaking news, video/reels media, live weather feeds, market commodity rates, e-paper editions, and dynamic ad monetization.

2. ARCHITECTURE & TECHNOLOGY STACK

- Frontend Portal:** Next.js 14 (App Router), TypeScript, Tailwind CSS, Lucide Icons, Client-side Caching & In-flight Deduplication.
- Backend REST API:** Node.js, Express.js, TypeScript, REST Architecture.
- Database Layer:** MySQL Database managed via Prisma ORM (20+ Relational Tables).
- Authentication & Roles:** JWT Token Authentication, HttpOnly Cookies, Role-Based Access Control (RBAC).
- Live API Engine:** Open-Meteo Weather API, Gold API, Open Exchange Rates, Yahoo Finance, ESPN Sports, and YouTube Channel RSS Feeds.

3. COMPLETED FRONTEND NEWS PORTAL FEATURES

A. Header Navigation & Live Widgets

- Live Weather Widget:** Dynamic city selector (Ahmedabad, Surat, Vadodara, Rajkot, Gandhinagar) displaying live temperature, humidity, wind speed, and weather condition in Gujarati and English.
- Live Gold & Silver Rates:** Real-time 24K Gold (10g) & 999 Fine Silver (1kg) INR rates with change indicators.
- Gujarati Calendar Bar:** Live date display formatted in Gujarati language.
- Dynamic Header Menu:** Automatically lists active portal categories configured in Admin.
- Global Search Bar:** Real-time multi-lingual keyword search.

B. Homepage Layout & Dynamic Sections

- Breaking News Marquee / Ticker:** Animated breaking ticker for priority headlines.
- Hero 3-Column Customizer Grid:**
 - Slot 1 (Main Banner): Headline story showcase.
 - Slot 2 (Secondary Top): Secondary lead story.
 - Slot 3 (Side Highlights): Compact highlight list.
 - Supports real-time admin pinning by post ID.
- Category Blocks:** Dedicated dynamic grids for Gujarat (ગુજરાત), National (દેશ), World (વિદેશ), Business (વેપાર), Sports (સ્પોર્ટ્સ), Entertainment (મનોરંજન), Tech, and Crime.
- Trending Sidebar:** Auto-ranked trending & popular articles calculated via reader view counts.
- Live Center Widget:** Real-time stock tickers (Nifty 50, Sensex, Bank Nifty), city fuel rates (Petrol, Diesel, CNG), and live Football & Cricket scorecards.
- Live TV Broadcast:** Configurable YouTube Live video stream player widget.
- Daily Horoscope (રાશિફળ):** Interactive Gujarati Rashifal for all 12 Zodiac signs with prediction detail modals.
- YouTube Feed Sync:** Auto-syncs live uploads from @Gujaratpostnews channel.
- Instagram Reels & Shorts Player:** Vertical swipe video reel feed.

- **Photo Gallery (તસવીરો):** High-resolution image albums with Gujarati captions and photographer credits.
- **Google Web Stories:** Visual multi-slide web story slider bar.
- **Ad Monetization Banners:** Targeted ad placements (Header, After Hero, Sidebar, Footer) supporting custom banner images and outbound click links.

C. Sub-Pages & Interactive Modules

- **Category Archive Page (/category/[slug]):** Paginated category listing with sub-tag filters.
- **Article Detail Page (/news/[id]):** Gujarati/English rich-text content, featured imagery, social sharing (WhatsApp, Facebook, Twitter, Copy Link), reading time counter, tag navigation, author bio card, and **automatic async view count incrementing**.
- **Video & Watch Portal (/videos & /watch/[id]):** Filterable video listing and dedicated watch page.
- **Photo Explorer (/photos):** Full photo album gallery with interactive modal viewer.
- **Shorts Feed (/shorts):** Full-screen mobile vertical video reel experience.
- **E-Paper Portal (/epaper):** City edition selector, date calendar picker, and multi-page digital PDF edition previewer.
- **Author Profile Page (/author/[id]):** Author bio, photo, designation, and post directory.
- **Global Search Page (/search):** Advanced query search supporting categories and tags.
- **Saved Bookmarks (/saved):** Offline bookmark storage for readers.
- **RSS 2.0 XML Feed (/api/public/rss):** Syndicated RSS XML output for news aggregators.

 4. COMPLETED CONTENT MANAGEMENT SYSTEM (CMS / ADMIN PANEL)

A. Security & Role Permissions

- **Super Admin:** Full administrative power over users, system settings, and all modules.
- **Editor:** Full article editing, review, and publishing capabilities.
- **Reporter:** Draft article creation and submission workflow.
- **SEO Manager:** Meta title, description, keywords, and canonical URL optimization.
- **Photographer:** Photo album upload and caption management.

B. Admin Management Modules

- **Dashboard Analytics (/admin):** Real-time stat metrics for articles, views, categories, active users, and system activities.
- **Articles Management (/admin/articles):** Full Gujarati rich-text editor, multi-lingual fields (GU, HI, EN), status workflow (Draft, Review, Published, Scheduled), **Automated Scheduled Auto-Publishing cron engine**, priority flags, featured image upload, and tag tagging.
- **Hero Layout Customizer (/admin/hero):** Real-time slot 1, slot 2, slot 3 article pinning.
- **Categories Manager (/admin/categories):** Manage category names, slugs, colors, display ordering, and header/home visibility.
- **E-Paper Manager (/admin/epaper):** Upload edition PDFs, cover thumbnails, page counts, city editions, and publish times.
- **Astrology Manager (/admin/astrology):** Update daily Gujarati predictions for all 12 Zodiac signs.
- **Photo Gallery Manager (/admin/gallery):** Upload photo albums, set Gujarati captions, and credits.
- **Video & Shorts Manager (/admin/videos):** Add YouTube links, auto-extract YouTube IDs, set categories, and featured status.
- **Instagram Reels Manager (/admin/reels):** Manage vertical Instagram Reels and short video embeds.
- **Web Story Builder (/admin/web-stories):** Multi-slide web story creation tool.
- **Ad Manager (/admin/ads):** Dynamic ad slot control across portal sections with redirect links and visibility toggles.
- **User Account Manager (/admin/users):** Manage team accounts, roles, access statuses, and password resets.
